ENHANCEMENT (LARE) PROGRAM
IDNR DIVISION OF FISH AND WILDLIFE**

Lake and River Enhancement (LARE) is a stand-alone program for cost-share purposes. "Cost-share" or "flat-rate" practices will not be eligible to receive payments from LARE if they are combined with any local, state or federal program. "Incentive" payments are independent of "cost-share" or "flat-rate" payments and may be combined with non-state incentive or rental rate payments.

**LAKE AND RIVER
ENHANCEMENT COST-
SHARE PROGRAM**

The Indiana Department of Natural Resources has adopted the following as practices eligible for cost-share or incentive payments in LARE-funded Watershed Land Treatment project areas.

It is important to understand that implementation of any of the practices is predicated on the compilation of a whole farm inventory and development of a complete resource management system (RMS) plan for any farm that is to receive cost-share funds.

**GENERAL CRITERIA FOR APPROVED
COST-SHARE PRACTICES**

Lake and River Enhancement is a stand alone program for cost-share purposes.

“Cost-share” or “flat-rate” practices will not be eligible to receive payments from LARE if they are combined with any local, state or federal program. “Incentive” payments are independent of “cost-share” or “flat-rate” payments and may be combined with non-state incentive or rental payments.

Cost-share for tile installation for all practices will be limited to an 8” diameter tile (or equivalent cost) unless prior approval is obtained. When practice installation requires tile(s) larger than 8”, prior approval of the IDNR LARE Program Specialist must be obtained.
